1.2 Inked Embossing Folder

Basic Supplies:

- Black or colored cardstock
- Embossing folder
- White or other colored ink
- Stampin' Cut & Emboss machine

Technique:

1. Rub ink on one side of your embossing folder. (I used white ink on the Brick & Mortar folder). You can choose either side. Each side will create a different look!
2. Carefully place your cardstock in the embossing folder.
3. Close the folder and run it through your Stampin' Cut & Emboss Machine.
